Source: Lowder et al. (2016). The number, size, and distribution of farms, smallholder farms, and family farms worldwide. *World Development*. OurWorldInData.org/farm-size • CC BY

data url: <https://ourworldindata.org/farm-size>

The chart shows the average farm size from 9 different countries. I found it interesting that poorer countries tend to have smaller average farm size as it increases with the income of the country.
